All other 08				20p per minute
070		From	25p per minute to	75p per minute

Prices correct as at August 2011.

**The legal stuff you need to know:**

- 1 All prices exclude VAT. You'll have to pass our standard credit check and register as a business customer and you may have to pay a deposit. Your monthly payment is for your inclusive minutes and texts from the UK to the customers of UK mobile networks and numbers starting with 01, 02 & 03 at any time. This doesn't cover Jersey, Guernsey and the Isle of Man. You can have up to 50 plans in total on your account. Each SIM only plan user will need a compatible mobile which may mean that their existing phone needs unlocking, which the previous network provider may charge for. If you decide to upgrade or cancel your plan, you'll need to give 30 days' notice to us by phone. We'll issue you a final bill at the end of the 30 days to cover the notice period, any services used and any charge that will apply if you leave before the end of any minimum term. You can get a flexible booster included as part of your plan. You can choose one flexible booster at a time from our current range and it applies from when you make your choice. You can change it once every 30 days, counting from the last time that you changed it. To change your choice of booster, just send us a text with the code of your new choice. We'll send you a text when your new booster is ready to use. A fair use policy applies to internet on your phone and other legal stuff applies to each booster, check it all out at [www.t-mobile.co.uk/businessboosters](http://www.t-mobile.co.uk/businessboosters). If you don't have an internet booster, then using the internet on your phone costs up to £1 a day. We'll automatically charge 50p for each MB you use, until you hit £1 a day (midnight to midnight) and then we won't charge you any more. You'll need a compatible phone and internet coverage, check it at [t-mobile.co.uk/streetcheck](http://t-mobile.co.uk/streetcheck). Remember that you can only use internet on your phone in the UK and you can't use your phone as a modem (tethering) or use internet on your phone for peer to peer file sharing, instant messaging or making internet phone calls. \*This plan comes with a fair use policy of 1GB per calendar month. We'll monitor how much you send and receive each calendar month so that we can protect our network for all our customers. If you use more than your fair use policy amount, we won't charge you any more, but we may restrict how you can use internet on your phone, depending on how often you go over your amount and by how much.
- 2 You will be charged for messages sent to non GSM networks.
- 3 For details of charges for specific numbers starting with 070, 08 (including 0870), 05 and 09 go to our website at <http://www.t-mobile.co.uk/business/help-advice/our-brochures/>. All calls to these numbers are subject to a 1 minute call charge unless otherwise stated on our website. Calls to these numbers are not included in your monthly allowance.

# Points to note.

- **If your inclusive allowance runs out during a call,** we will charge you for the remainder of that call.
- A text message consists of up to 160 characters. If you send a longer message, you will be charged for two or more text messages as appropriate.
- The allowance you have used is worked out when we print your bill. You can **get an estimate of the amount used** by calling T-Mobile account enquiry service (dial 150). The estimate includes the inclusive allowance you have used up to the time of the enquiry, in the current billing period. If there is a difference between the account services estimates and the amount shown on the bill, the latter takes precedence.
- Diverted calls are charged at the local or national rate, or if appropriate, the relevant mobile or special number rate. Diverted calls are not included in your inclusive allowance.
- **Per second charging** applies to all types of chargeable calls (unless otherwise stated). Charging starts when a call is answered by a person or an answering device.
- On the bill, for business pay monthly customers the **charge for each call** is rounded to the nearest tenth of a penny. The total of each of the sub-categories of 'call charges' and 'other usage charges' will be rounded to the nearest penny on the bill, then added together before VAT is added to this final figure. All chargeable calls will be subject to a 1 minute minimum charge unless otherwise stated.
- **A call ends when:**
  - a) you end the call on your device;
  - b) 16 seconds after your calling device loses signal for any reason (note: we continue to maintain the call in case your device re-establishes a signal with our network within this period); or
  - c) you do not end the call on your device, up to 30 seconds after the last third party you were connected to has ended their call.
- When you join a T-Mobile business pay monthly plan, you should be sent your first bill within two weeks of becoming a customer. Your first months charge and inclusive minutes will be proportionate to the number of days from your date of joining to the end date of your bill. All monthly charges and inclusive minutes and texts allowances will be proportionate to part months used, except where this would cause conflict with any other part of the agreement.
